WHAT (OR WHO!) IS NEW AT BDF

Our sweet baby girl Luna, who was born to mom Faith back in May, is very proud of her new teeth! Both she and mom are doing great. Luna's good health is quite the miracle, given her mom's condition when she arrived at BDF. We are thrilled to welcome her to our family!

HORSE HEROES

Dondi is a roughly 18 year old Dutch warmblood. At 15.3 hands, this big girl is an asset to our teen and young adult riders. BDF is Dondi's "retirement gig" after an impressive career in high level dressage. As a result, she is very responsive to verbal cues and LOVES praise and affection. And we LOVE our Dondi! ❤️

RIDER SPOTLIGHT

Brynlee is our featured rider for July. Brynlee is 3 years old and has been riding for about a year. She LOVES coming to BDF, and gets a huge smile when it's time to head to BDF. Her family is amazed at how much stronger Brynlee has gotten since starting to ride! Her core strength and balance improved so quickly that she met all her physical therapy goals and no longer requires PT. Her confidence level has increased as well. We love seeing that smile and her sparkly personality. Thanks for always brightening our day, sweet girl!

VOLUNTEER SPOTLIGHT

This month's featured volunteer is **Reilly Misra**. Reilly is a recent UGA grad who has her sites set on med school. She learned about BDF from friends and finds joy in seeing the riders progress. She loves all the horses, but has a special soft spot for Jonathan. We appreciate you so much, Reilly! THANK YOU!!!
