

Butterfly Dreams Farm Equine Therapy

Sponsor a Horse

Thank you for your interest in supporting a healing horse!

The BDFET horse sponsorship program allows for supporters like you to give the gift of joy! Our horses are curated and trained to shine for both hippotherapy and adaptive riding. Because of our patient and unique equines, we have been able to serve our community since 2005. Your choice to sponsor a therapy horse directly contributes to the care and happiness of that special horse. BDFET thanks you for any donation, big or small!

Provide assistance for YOUR favorite therapy horse to personalized top quality care and nutrition, veterinary care, vaccines, dental care, hoof care from our farrier, customized tack maintenance & fittings.

Frequently Asked Questions:

Why do horses need supplements?

We feed our horses top quality, well researched feed. However, supplements for some horses are needed to support their nutrition due to age or other special requirements. Its our goal to prevent injury and illness.

How often does the farrier, vet and dentist come for services?

The farrier comes every 5 weeks, the horses receives vaccines from the vet twice a year, and the dentist comes yearly or every 6 months depending on the horse. On occasion, we do have the vet or farrier come out if its an emergency, we keep a close eye on our horses! We hope you can come out and see how well they are taken care of!

What is tack maintenance?

Each rider in the BDFET program uses tack. This term refers to saddles, saddle pads, halters, bridles, bareback pads, reins, etc. it's important that each piece of tack fit the individual horse and rider well. Tack requires daily cleaning and inspecting to keep it in good shape. When our staff sees wear, we call in a specialist for repairs or have to order new equipment. For example, we may need to purchase a rein that better aids a sensory seeking rider. Your support allows us to keep our horses and riders comfortable and as safe as possible!
